POAC External Meeting 03.12.2021

An External meeting of POAC was held on 03.12.2021. Dr Archana Mishra, Principal and Chairperson POAC chaired the session. The meeting was attended by all the Stakeholders in the institution. (Attendance Chart is pasted). The agenda of the meeting which was already shared with all the Stakeholders was thoroughly discussed and analysed. Many important suggestions came out of the detailed discussions. The highlight of the session was on the spot MOU signed between Government PG College, Sector-1, Panchkula and Panchkula Chamber of Commerce and Industries which was signed by Dr Archana Mishra, Principal of the college and Mr. Arun Grover (on behalf of P.C.C.I.).

The Meeting was convened by the Chairperson POAC, Dr Archana Mishra. It was coordinated and conducted by Mrs Vineeta Gupta, Coordinator POAC. The pointwise details of the meeting are as follows!

1. Mrs. Vineeta Gupta, Coordinator POAC, presented before the house the minutes of meeting held on 30.12.2020. These were approved by the house, unanimously.
2. Dr. Richa Setia, NAAE Incharge presented the report of NAAE peer team given during its visit to the college for assessment and accreditation of the college by NAAE. After that pointwise discussions

followed which was cordially moderated by Mrs Vineta Gupta. Suggestions of the house were sought on the recommendations given by the NAAC peer team.

A) Regarding first recommendation of starting new education agriculture-related courses it came out that for such specific courses infrastructure can't be developed in the college, nor even

throughout the state there are separate Universities ^{with a} ^{part} agriculture focused. Nonetheless, College can organize awareness programmes/lectures for students which may be gardening/ agriculture-centric. Dr Mishra assured that she will try her best to undergo some MoU with any of the agricultural Univ. of Haryana.

B) College has already started new PG courses i.e. B.Sc Botany and PG Diploma in Nutrition and Dietetics. However in the third course PG Diploma in Yoga no admission happened during this session.

C) At present our college's Girl Students are accommodated in the hostel available at GCW, Sec 14, PKL. The proposal to construct a girl's hotel in the campus is underway.

But the area earmarked is under dispute

D) Haryana govt in its new transfer policy has already fixed years of stay of teaching staff in one institute.

E) The peer team had recommended the installation of Biogas plant to which the house was not

is favour of keeping in view the non-availability of the sufficient quantity of biowaste, the expenditure involved and more specifically due to its carbon emission which is not healthy for the environment.

f) College is fast moving towards office automation as HRMS portal/MIS are already getting updated. Salary details are also available online.

g) The alumni are very supportive. Every year alumni association fund education of 5 students.

h) To gain autonomous status doesn't fall under discretion of the college being a government college. However, in NEP 2020 there are a few proposals by the govt. itself.

3. The house was informed about the opening of the campus for offline classes while observing all the COVID-19 protocols. The students are strictly advised to wear the masks while on the campus.

4) The issue regarding transportation of girl students was raised in the meeting and the house was informed about the Maryana govt initiative for free transport of girl students. About 450 girls have filled the form which has invited their consent.

5) A short video highlighting the infrastructural landmarks of the college was also presented and the house was informed about the new proposals also like the construction

of passage to the newly constructed staff parking, leveling of student's parking, renovation of washrooms for staff and students.

The highlight of the institute is its being specially-abled friendly, with ramps and separate washrooms.

6) Our institution being no. 1 in Haryana was placed at the no. 1 in the admission portal also. So far more than 1400^{new} students had taken admissions in the 1st semester of various courses and programmes which reflects growing popularity of the college.

7) Our college always remains alert and active to the recent development all around. During this COVID outbreak besides spreading awareness among students and masses special immunization survey was done and 3 vaccination camps have been held so far.

8) The institution focuses on the capacity building and progress of its staff and students. To improve the research environment a separate Research and Innovation Cell has been formed. Similarly to prepare the students to meet out the needs of today's competitive world 'Competitive Exam Committee' has also been formed in this session.

9) It was proposed and decided that all the depts esp. the PG departments will hold at least one international / national seminar during this session, to keep abreast with the latest developments in their respective fields.

10. Mr. Arun Grover highlights the need for the synergy between academia, industry and government with a focus on maximum placement of students, its motto should be 'deliverance is the key to do miracles.'

He assured that the industry will try to hold meeting with students every 3 months so that the students can get a chance to talk directly with the management teams.

11) An MoU was frozen between 'Panchkula Chamber of Commerce and Industries' and the Govt PG College, Sector-1, P.K.T.

12) Mr Grover also proposed to start new programmes like diploma in Retail and Digital Marketing. He announced to sponsor education of 5 students by Amartex Industries.

13) The student representative, Mr Ankur, put forth the requirement of nutritious diet in college canteen for sportsmen. He was assured by the principal madam to take up the issue with the Canteen Committee of the college.

14) Mr Grover also suggested to get done a green audit by some technical expert regarding the feasibility / non-feasibility of Biogas plant.

The meeting ended with a vote of thanks.
