(College of Excellence)**

Annual Report 2021-2022

Presented By
Mrs. Babita Verma, HES-1
Principal

Annual Report 2021-2022

I feel highly privileged to get this opportunity to present the annual report of Government PG College, Sector-1, Panchkula for the session 2021-22. From its humble beginning in a rented premise in 1983 to this sprawling lush green campus spread over an area of 12.5 acre, the college has traversed a long and arduous journey. Having faced all the trials and tribulations successfully, the college has progressed by leaps and bounds to achieve the status of the 'College of Excellence'.

I feel great delight in sharing with you that our college has been accredited with B++ grade in the year 2021 by the National Assessment and Accreditation Council (NAAC).

Situated in the foothills of Shivalik the college caters to the needs of more than 2600 students of Panchkula and nearby areas. Under the strict supervision of highly dedicated and efficient teaching staff runs 9 Post Graduate courses and 9 Under Graduate courses. Besides traditional courses the college also runs professional courses like B.P.Ed, PG Diploma in Journalism and Mass Communication, PG Diploma in Computer Application and the newly introduced PG Diploma in Nutrition and Dietetics to equip our students with the more advanced and better skills and give them a competitive edge over others in today's highly competitive global economy.

Infrastructure:

With its goal of achieving sparkling economic growth and quality of life the college has a very sound and strong infrastructural base. It consists of an Administrative Block, an Arts Block, a Science Block, a Commerce Block, an IT Block, a Seminar-cum-Conference Hall, an Auditorium, a well-furnished Staff Room, a two-storey Library, Boys' Hostel, a Day Care Centre and a Canteen.

It has well equipped Science Labs, a Language Lab and Smart Classrooms. Recent addition to this is STARTUP-INCUBATOR-CUM-CENTRE OF EXCELLENCE, a new initiative of the Department of Higher Education, Haryana in collaboration with Startup Accelerator Chamber of Commerce, to promote self-employment and entrepreneurial competencies in the youth of Haryana.

With a sitting capacity of 80, it has state-of-the-art infrastructure, a recreational area and a mentoring room. The primary target of this incubator is to foster entrepreneurship by using tools like boot camps, workshops, regular classes on entrepreneurship informing the students about the government compliance, regulations, financial support from government etc.

Online Teaching and Learning:

The corona virus pandemic has brought changes in the teaching-learning process in higher education institutions and has influenced the interaction between teachers and students. As a consequence of the pandemic, college was constrained to carry out activity with students exclusively online and took measures to ensure the continuity of the educational process. Various platforms like Google Meet, Google Classroom and Teams were used to conduct regular classes by faculty members. With the help of these tools and platforms digital literacy of teachers and students remarkably elevated. Several online activities were introduced by the departments throughout the session to engage and retain students during pandemic.

Administrative Bodies

IQAC

As per guidelines of NAAC, IQAC has been set up to channelize and systemize the efforts of the institution towards academic and administrative excellence and its sustenance. It is a driving force to create learner- centric environment, promote continuous improvement in participatory teaching- learning process and enhance quality of education. It has planned, coordinated, organized and executed a number of seminars, workshops, and interactive talks. It played an active role in planning and guiding the various departments and administrative bodies of the college to organize student-centric and developmental activities. It organized a number of internal and external meetings to chalk out the Annual Plan for the session 2021-2022. It verified the API scores of college faculty for next scales. Mrs. Vineeta Gupta is the coordinator of IQAC.
